Description.

For organoleptic and physical-chemical parameters BASE BODY MILK NATURAL comply the requirements specified in Table 1.

Table1.

Parameter	Specification
Appearance	Homogeneous mass
Colour	White
Smell	Correspond to the specific product
Solubility in water	Easily mixed
pH-Value (10 % in water)	5.5 – 8.5
Colloidal stability	Stable
Thermostability	Stable
Water and volatile matter mass fraction, %, not more than	70.0-95.0
Heavy metals, ppm	0 to 10
Mesophilic aerobic bacterial count CFU/0,1 g, not more than	10 ³
Staphylococcus aureus, 0,1g	absent
Pseudomonas aeruginosa, 0,1g	absent
Enterobacteriaceae, 0,1 g	absent
Net volume, ml	50±4.5

Shelf life.

BASE BODY MILK NATURAL have a shelf life of 12 months from the manufacturing date.

Transport information.

BASE BODY MILK NATURAL are transported by all modes of transport in accordance with the rules of carriage, which operate on specific transport means. Cargo does not apply to hazardous according to RID / ADR, GGVS / GGVE, ADN, IMDG, ICAO-TI/ IATA-DGR.

Storage

Store in original container in a dark place at temperature of + 5 °C ÷ +25 °C. When storing the product should not be exposed to direct sunlight. Do not store near heaters, or near other heat sources.

Application.

In accordance with the annotation.
