4. FIRST AID MEASURES

Background: If have health problems, or to long-term symptoms should always consult a doctor and give him the information given by the security page.

Inhalation:	If respiratory irritation occurs, remove individual to fresh air.
Ingestion:	Call a doctor and show him Safety Data Sheet information given in the package label or packaging.
Eye contact:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Skin contact:	If irritation occurs, discontinue use of product. Rinse with water. If irritation persists, consult a doctor.

5. FIRE FIGHTING MEASURES

5.1.General information:	Wear suitable protective equipment (individual apparatus MSHA / NIOSH or equivalent) and protective clothing. Outbreak of fire or explosion do not breath fumes.
5.2.Suitable extinguishing media:	Use water spray or foam, CO ₂ , dry chemical.
5.3.Inappropriate Extinguishing Media:	Not known.
5.4.Fire danger:	Not known.
5.5.Advice for fire fighters:	Put on gas -tight protective clothing and breathing apparatus functioning independently of the ambient air.

6. ACCIDENTAL RELEASE MEASURES

6.1.Personal precautions:	See point 8. Exposure controls and personal protection.
6.2.Environmental precautions:	None.
6.3.Methods and material for containment and cleaning up:	
<i>For Household Settings:</i>	Wash cream area with detergent. Dilute with water.
<i>For Non-Household Settings:</i>	Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc.) to prevent skin contact.

7. HANDLING AND STORAGE

7.1. Handling:

For Household Settings: Keep out of reach of children. Avoid contact with eyes.

For Non-Household Settings: Non usual handling or storage requirements.

7.2. Storage:

Store in tightly closed, only the original container in a cool, dry place. Avoid temperatures higher than + 25 ° C, the heat sources and direct sunlight.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

8.1. Products with workplace exposure limits:

None.

8.2. Occupational exposure control:

For Household Settings: These are a personal care cosmetic products that are safe for consumers and other users under normal and reasonably foreseen use.

For Non-Household Settings:

Hygiene measures:

Wash hands before breaks, especially before eating, smoking and toilet room visits, as well as at the end. Change contaminated clothing and wash before reuse. Ensure working area with a sink and running water in order to be able to rinse the product from the skin or eyes rinse.

Information:

See point 7. Handling and Storage: Avoid contact with eyes. Observe safety precautions when working with the product.

Respiratory protection:

None.

Hand protection:

Wear rubber gloves.

Skin protection:

Wear suitable protective clothing.

Eye protection:

Use safety glasses or safety goggles if splash hazards exist.

8.3. Environmental exposure controls:

None.

9. PHYSICAL AND CHEMICAL PROPERTIES:

Appearance:

Homogeneous mass

Colour:

White

Aroma:

Cucumber

pH, 10 % water solution:

5.0– 8.5 (at 20 °C).

Water and volatile matter content, %:

75-95.

10. STABILITY AND REACTIVITY

10.1. Stability:

Stable under normal temperature and pressure.

10.2. Conditions to avoid:

Incompatible materials, oxidisers, heat sources, direct sunlight.

10.3. Materials to avoid:

Oxidizing agents, bases.

10.4. Hazardous decomposition products:

No. Hazardous polymerization does not.

11. TOXICOLOGICAL INFORMATION

These are a personal care products that are safe for consumers and others users under intended and reasonably foreseeable use.

Chronic Effects:	Finished products are not expected to have chronic health effects.
Target Organs:	No adverse health effects on target organs expected for finished products.
Carcinogenicity:	Finished products are not expected to be carcinogenic.

12. ECOLOGICAL INFORMATION

The products ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.

13. DISPOSAL CONSIDERATIONS

13.1.Waste treatment methods:	Dispose of as cosmetic according to the local authorities.
13.2.Product package waste treatment methods:	Product packaging must be disposed of in the same manner as the products. Packaging which can not be cleaned should be disposed of as product waste. If not officially specified differently, the packaging can be disposed of as municipal waste or refer to recycling.

14. TRANSPORT INFORMATION

Products are not classified as hazardous for transport.

15. REGULATORY INFORMATION:

Regulated as a Cosmetic Products under Regulation (EC) No 1223/2009 of 30 November 2009 on cosmetic products and Regulation (EU) No. 1272/2008.

16. OTHER INFORMATION

This safety data sheet information is based on raw materials and products manufacturer's data, which are considered to be correct, but no importer of the product or its manufacturer does not warrant that the information is complete and assumes no responsibility for consequences which may result in use of this information. Responsibility of the user's own product is to assess the information provided here, the suitability of the product use conditions and to take all necessary safety precautions when using this product.
